

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling usually indicates an unhealthy condition of the kidneys. Too frequent desire to urinate, scanty supply, pain or dull ache in the back, should also convince you that the kidneys or bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills almost every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage. It cures inability to hold urine, and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

The mild, pleasant and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful results in the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney, liver and bladder remedy, and a book that tells all about it, both absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this advertisement in The El Paso Herald. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FIRST DANCE HALL IS BEING WRECKED

Another Landmark Disappears to Make Room for Flatiron Building.

What is said, by the old times, to have been the first dance hall ever opened in El Paso is being torn down to clear the site for the new Rockwell flatiron building on San Francisco street, at the intersection of this street with Main street. The building is an adobe and has been used for a fruit stand for the past three years, but in the old days it extended north across the tract which is now the right of way for the Southwestern and G. H. & S. A. tracks and was one of the social centers of the town in the old days.

The new flatiron, the first to be built in El Paso, will extend back to the Lesinsky building, on the east, and will occupy the space between that building and the intersection of the two streets.

CAPLES TO BUILD THREE STORIES

Will Start Work Soon on a New Structure for San Antonio Street.

Having been unable to make satisfactory arrangements with the owners of adjoining property for the erection of a party building, Richard Caples will build a three story building on the corner property which he owns on San Antonio street and Mesa avenue.

The building will be faced with Georgia marble and will be started as soon as the basement vacates the room which it now occupies and which is on the site of the new building.

W. W. POLLETT TO BUILD ON MISSOURI STREET

W. W. Pollett is having plans drawn for a new residence to be built on West Missouri street. The residence is to be a modern two story structure and is estimated to cost \$50,000.

The plans will be ready for the contractors to bid on this week.

How To Get Instant Relief From Itching Skin Diseases

An inflammation of the skin caused by the presence of a tiny mite which burrows in the skin, causes the itching in Eczema, Tetter, Acne, itching scalp and feet, Prickly heat and the many other forms of skin diseases. Scratching does not relieve nor cure—it only aggravates the case and makes it worse. There is only one way to cure—kill the mite and remove the cause. Little's Liquid Sulphur Compound gives instant relief to the first application and in a short time kills the mite and cures the skin. Write for every form of skin trouble. Sample bottle postpaid for 10c. Rhuma-Sulphur Co., St. Louis.

MISSOURI STREET TO BE PAVED FROM COTTON AVENUE TO PUTNAM AVENUE TO PUTNAM

El Paso Electric Railway to Build Line on West Missouri to Connect With the Smelter Line.

Missouri street is to be paved from Cotton avenue, in East El Paso, to Putnam street on the Gladstone street continuation. Missouri is also to have a street car line.

The Electric railway company is preparing to build a line on West Missouri street to connect with the smelter line in Mundy Heights. The line will be built before the paving is put down on West Missouri street in order to avoid tearing it up to lay the car tracks later.

The officials of the street railway company say that no definite operating plan has been decided on for the new line, but that it will be built in time to allow the paving company to pave West Missouri street. It will leave Oregon street and connect with the smelter line in Mundy Heights either over Roosevelt or Mundy avenues after the line leaves Missouri and Gladstone streets.

Property owners are signing up today for the West Missouri street paving and the engineers are at work surveying East Missouri for the paving work. This will make one of the largest paving contracts yet undertaken, as the paving will cover 23 blocks from Cotton avenue to Putnam street. As Mundy avenue is already paved with petroleumblocks, the paving of the smelter road, the paving will be continuous from Cotton avenue in East El Paso to the smelter road. Work will begin on both West and East Missouri streets as soon as the paving company can arrange for it.

ISLAND WILL NOT BE TRADED OFF

El Pasoans Do Not Believe the Government Will Ever Do It.

"They have made a mistake, said R. F. Burges, speaking of the proposed exchange of "The Island" for the Chamizal zone. "They imagine we are that fellow up in Connecticut who offered to pay off the national debt."

"The ownership of the Island was settled in 1897 and if the government should, and it can use private property to pay a public debt, then the owners of the island would have to be reimbursed for their property utilized to settle any claim. In the event that the government should, and I do not believe it will, decide to trade the Island for the Chamizal property, property on the Island would be worth at least \$10 per acre, for it is the law that property shall be paid for at its value when the bill passes congress and it certainly will not pass for four or five years if it ever does."

C. E. Kelly, who owns property on the Island, said: "There is nothing to it and if there were, we would not trade; we have the land and we want it."

John Dyer, also a property owner on the Island, which contains 15,000 acres, said: "We might as well go down the river, claim a piece of Mexican territory and offer to trade it to the Mexican government for its custom house."

John L. Dyer, a heavy property owner on the Island, received the following telegram from congressman W. R. Smith today:

"Assure all parties concerned that we are taking care of their interests."

HAD LIVED FOR OVER A CENTURY

A Mexican Woman Passes Away in El Paso at Real "Ripe Old Age."

Born—July 4, 1810.

Died—March 13, 1910.

A century, and a little to spare, has Refugia Quintana breathed the breath of life. One hundred years, and more, has she basked in the sun of Mexico. It has only been a few months since the aged woman came to El Paso from her native land. She came to see some two distant daughters. She died in Occamio alley near Overland street. She was buried in Concordia cemetery.

MRS. JEANNE SIMON.

Mrs. Jeanne Simon, wife of Charles Simon, a Stanton street merchant, died this morning at her home, 414 Third street. Funeral services will be held at 10 o'clock tomorrow morning in the chapel of Peak & Lyons, Rabbi Martin Zieleson officiating. Interment will be made in Mt. Sinai cemetery.

How to Purify the Blood in the Spring

(From the National Home Monthly.)

At this season of the year nearly every person requires a tonic to cleanse the blood and purify the system from the accumulation of waste matter that results from the inactive life of winter.

Spring fever, dullness, languidness, the disinclination to work or exercise—the general all-around run-down "Oh, what's the use?" feeling—poor appetite, sallow complexion, liver blotches, pimples and eruptions of the skin, and all of these symptoms indicate the need of a good blood tonic and liver invigorator.

Get from your druggist one ounce of karnedine; dissolve the karnedine and 2 deep sugar in 1/2 pint alcohol and add enough hot water to make a full quart. This excellent tonic purifies and enriches the blood, arouses the liver, corrects deranged digestion, restores lost appetite, cleans the skin, and strengthens and builds up the entire system at a small cost. Take one tablespoonful five minutes before each meal and before retiring.

VICTIM OF DRINK NEEDS ORRINE

Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary. Orrine will destroy the desire for liquor, so that the drink will not be missed and restores the patient to health.

The remedy is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee to refund your money if it fails to effect a cure. Booklet on "How to Cure Drunkenness." Free on request. The Orrine Co., 467 Orrine Bldg., Washington, D. C. Sold in this city by Kelly & Pollard, Sheldon Hotel

MANY PERMITS FOR BUILDINGS

Large Number of Real Estate Transfers—One Texas Street Lot Sold.

Although this is usually the dull season in the building line there is no apparent cessation of activity at this time. Building Inspector Haggart is kept busy all day either issuing permits or inspecting plans preparatory thereto.

The most important permit issued yesterday was that for the new Christian Science temple which is to be erected at the corner of Boulevard and Kansas streets at a cost of \$50,000, the property having been purchased some time ago and a frame house moved to the back of the lot to make room for the new church edifice.

That summer is fast approaching is indicated by the number of permits being issued for the construction of screened sleeping porches and outdoor sleeping is becoming more popular each year.

Several transfers are noted in the city and outlying districts, the largest transfer recorded yesterday being that of M. C. Edwards to Richard Burges and Aubrey and Semple, the deed conveying property on the south side of Texas street between Stanton and Campbell streets and which will become corner property when the proposed extension of Kansas street is made. The consideration paid is \$21,200.

PLEASENCE READING FOR THE FAT.

What a simple and inexpensive solution of the fat woman's problem the Marmola Prescription Tablets provide. She takes one of these harmless, pleasant little tablets after each meal and at bedtime and loses from 12 to 18 pounds of fat each day, and yet suffers no harm, creates no disturbances inwardly, and produces no wrinkles. This elegant preparation (made exactly in accordance with the famous Marmola Prescription) has rendered exercising and dieting for the reduction of excess flesh as superfluous as a fifth wheel. A further recommendation is that it is the least expensive fat reducer on the market, a large case (costing only 75c) from any druggist or by mail from the Marmola Co., 787 Farmer Bldg., Detroit, Mich., containing a quantity of tablets large enough to give very decided results in most every case.

LAS CRUCES AND MESILLA VALLEY

Don't Attempt to Eat Beef From Range Cattle

It's something we don't ask the public to eat at this season of the year

The general public, who have been buying their Meats at various markets, cannot account for the fact that they are unable to get good, choice, tender Meat at any other market except Nations's—cannot understand the reason.

The fact of the matter is that just at this season of the year range cattle are poor, and as a result the Meat is tough and coarse. For the next several months range cattle will not be fit for the market, and in the meantime you will have it forced upon you by some markets. They have no alternative, because they cannot get choice fed cattle. You have an alternative. It's by coming here for your Meats.

Many weeks ago we placed about 1,000 head of fine steer cattle on feed, and now this choice beef is being butchered and sold exclusively at this Market. That's the secret of why you get nice, tender, juicy Steak here, and it costs no more than the ordinary kind.
